Entered at the Kingman Postoffice as Second Class Mail.

Rev. Clyde W. Deming spent Thanksgiving day with his family near Prescott, Arizona.

Mrs. C. Ridenour, Supt. of the Hackberry Sunday school, and Mrs. D. C. Bacon attended the Sunday school convention yesterday evening.

Mrs. W. P. Carr and the children have removed from Cedar to Kingman to give the little ones the advantage of the excellent school at this place.

W. F. Grounds and S. F. Crozier, two of the best known cattlemen in the eastern part of the county, came in from the Clay Springs ranch last evening to attend to business affairs connected with their cattle company.

John L. Monds, one of the best known sheep and cattlemen of Yavapai county, is visiting in Kingman. The past several months Mr. Monds has been drilling for water in the edge of Aubrey valley, and should he be successful, will have one of the best ranges in northern Arizona.

The masons are at work on the second story of the Lovin & Withers Company building, on the corner of Fourth and Beale streets. It is expected that the lower floor will be ready for occupancy within a month. The upper floor of the building will probably be used for office purposes.

J. B. Wright, who has a contract for surveying several townships near Yampai for the government, was a Kingman visitor, coming here to visit his wife and eat Thanksgiving turkey with the family. Mr. Wright recently made the survey of the whole of Wallapai valley for the government.

It is rumored that a large hospital is to be built at Kingman, a local corporation to take the initiative. The building will be erected on a beautiful site and will be one of the most commodious hospitals on the line of the Santa Fe. The fact that all injured miners have to be brought to Kingman makes the erection of a hospital a necessity.

Seven hundred "Buffalo" soldiers passed through Kingman this morning on their way to Manila, where they expect to be stationed pending the termination of the civil war in China. Troops are being rushed from all points to the China station and it begins to look like something doing in the war line. Every available war vessel is being pressed into service on the Pacific coast and the fleet has been ordered from San Francisco to the coast of China.

Hazel A. Smith, republican candidate for U. S. senator, arrived in Kingman yesterday morning on the flyer and was taken in charge by the republican county committee and whisked over to Goldroad and Oatman, where he interviewed the voters during the day. In the evening he returned to Kingman, and, after meeting many of the people departed to the east. Mr. Smith is a pleasant, affable gentleman who finds a good reception awaiting him at all points.

The Richards and Pringle's minstrel troupe gave one of their inimitable performances at Elks Opera House last Saturday evening, to one of the largest and most appreciative audiences that popular music hall has seen in many months. While some of the jokes were handed down from the time when Pharaoh was a kid, in the main they were quite as funny as they were even in those days, and the singing was excellent.

Thursday of last week John L. Ware, a miner in the Gold Road mine, fell into a winze and was so badly injured that he died the following day. Ware had been working in a stope and was taking his tools to the shaft to send to the surface, but allowed his candle to go out and in the darkness failed to discern the open winze and walked into it. His remains were buried at Goldroad Sunday, C. R. Van Marter going out from Kingman with the casket and conducting the funeral. Deceased had a sister in Texas, but so far no communication has been had with her.

**M'Namaras Confess.**

After two months time in the empanelling of a jury to try the M'Namaras for the crime of blowing up the Los Angeles Times office, J. B. M'Namara yesterday morning sent for the district attorney and made confession of the crime, after which he went into court and confessed that he had blown up the Times building, in which nineteen men lost their lives. J. J. M'Namara then stood up in court and pleaded guilty to the crime of blowing up the Llewellyn Iron works.

The confession of these two men that they were guilty of the most heinous crimes in the history of the civilized world took the breath of the Los Angeles public and it will be days before the people grasp the full import. J. B. M'Namara, the head of the Structural Workers of the United States, in a statement gave out the reason why he had confessed to the crime. His brother was being tried and he feared that he would be found guilty and hanged, and as he alone was guilty of the Times disaster he was willing to pay the penalty for that crime that the brother's life might be saved. The sentence will be passed next Tuesday, although it is possible that nothing will be done on that day, as under the law it is a legal holiday.

The character of the crime is one that should bring on these men the severest penalty that can be meted out, but is probable that they will only get imprisonment for life, as no case has yet been cited where a judge has taken upon himself the infliction of the highest penalty on a plea of guilty.

**Elks Lodge of Sorrow.**

Tomorrow afternoon at the hour of two o'clock the Elks of Kingman Lodge No. 408 will hold their annual Lodge of Sorrow. The Elks Opera House is being decorated with flowers and evergreens for the occasion is one memorable in the history of the Order.

Everybody is invited to be present and take part in the ceremonies. The exercises prepared will be found interesting and instructive. This day has been set apart by the ritual of the order on which to pay tribute to the honored dead and in every lodge room in the United States at the same hour locally will the members of each lodge meet and hold the service of this time honored custom.

**Burned to Death.**

Last Monday evening a Wallapai squaw known as Nora met a horrible death by fire at her camp west of town. It appears that the woman had gone home and was engaged in getting supper for herself and a small son and while working over the stove her dress caught fire and in a moment she was a mass of flame. She frantically tore at the clothing, but the flame spread so rapidly that she was soon overcome and fell by the door while attempting to get out of the house. Her boy, a little fellow aged about four years, witnessed the horrible death of his mother and tried to get out the door, but the flames blocked the passage and he took a hammer and knocked off a board in the side of the house and got out. Running to a neighboring camp he gave the alarm, but it was some time before the other Indians realized that the little fellow was not telling a story, and when they got to the place the poor woman was but a charred fragment of humanity. The building was on fire, but the flames were soon extinguished.

The telephone line that is being constructed between Kingman and Yucca has reached a point near Signal, about five miles from its destination. The line will connect up with the Cedar and other lines to the east and south of Yucca, and will be found of great value to the business men of the two towns.

Elmer Strohm has gone to Needles to take a run out of that place on the main line of the Santa Fe. Mr. Strohm's many friends in Kingman would like to see him back on his old run between Kingman and Chloride.

Miss Louise Farley who has been stenographer for Lovin & Withers Co. the past two years, departed for San Francisco last Tuesday morning where she expects to make her future home.

Stinson Tarr visited with his sister, Mrs. Geo. A. Bonelli, a couple of days this week.

Miss Gertrude Miller is visiting her brother Charles Miller for a few weeks

**Lonely Oatman Bachelors  
Wants Helpmeets.**

To accelerate the god Cupid the Bachelors' Club of Oatman are using publicity of the police department of Santa Monica and the newspapers in the effort to attract the proper number of widows and even spinsters to supply the demand of that organization for wives. And after the 5th of this month if the people of Kingman find every vehicle going in the direction of Oatman and filled to overflowing with the unmarried female population of Santa Monica they may know that the Bachelors of Oatman are getting their reward. The news of the probable influx of widows comes in the following telegram from Santa Monica to a Los Angeles newspaper:

Santa Monica, Cal., Nov. 18.—Constituting what is said to be the largest matrimonial offer in history, the members of the Oatman Bachelors' Association of Oatman, Ariz., have proposed to 250 widows of Santa Monica.

The offer is official, having come in the form of a letter to Chief of Police Barretto and having been signed by sixteen directors of the Bachelors' organization. As the widows hold the balance of power in the city election of December 5, however, all steps to reply to the gigantic proposal, either jointly or severally, will be postponed until after that date, as the widows are needed to vote here then.

The letter gives a long list of the bachelors' names and descriptions, such as "Andy Porter, 29 years old, six feet one inch tall, and 220 pounds heavy." The letter concludes:

"These names are only a small margin compared with the great number of bachelors employed at the Tom Reed mining camp. We would suggest that you try to find us life partners."

**Republican Candidates Speak.**

Ralph Cameron, George A. Mauk and J. S. Williams, candidates of the republican party, arrived in Kingman last Wednesday night and the following day visited the Goldroad and Tom Reed mining camps. In the evening they talked to a good sized gathering at Elks Opera House. The gentlemen made good addresses and were quite well received by the audience. Mr. Cameron is so well acquainted in Kingman that he felt quite at home among the town boys. The trio left Wednesday night for eastern points in the territory, where they are billed to speak.

M. C. Merritt and Rev. E. D. Raley were in Kingman yesterday in the interests of the Sunday school. A meeting was held in the church last night and the teachers instructed in the new system of graded lessons.

**Christmas Goods.**

Mrs. Ada Kearney, at Sullivan's new store house, has just received a fine line of hand made Christmas goods and extends an invitation to all of Kingman and vicinity to call and inspect the same.

**For Sale Cheap.**

One good Behring & Sons piano, walnut case. In fine condition. Must be cash—\$150. Address, Lock Box 161.

**Kingman M. E. Church.**

CLYDE W. DEMING, Pastor.

When you have a cold get a bottle of Chamberlain's Cough Remedy. It will soon fix you up all right and will ward off any tendency toward pneumonia. This remedy contains no opium or other narcotic and may be given as confidently to a baby as to an adult. Sold by all dealers.

**Annual Stockholders' Meeting.**

The regular annual meeting of the stockholders of Gold Hill Mining Company will be held in Kingman, Arizona, on Monday, January 8, 1912, at 2 p. m., for the purpose of electing directors and such other business as may come before the meeting.

**Territorial Democratic Platform.**

We, the democratic party of Arizona, in Party Council assembled, hereby declare:  
**Pledge Allegiance to Arizona's Constitution**  
We reassert our allegiance to the fundamental principles of true democracy; and we reaffirm our support of the Democratic National Platform of 1908 and the principles and policies therein contained.

We pledge our allegiance to the Arizona constitution as ratified by the people of Arizona.  
We denounce the action of President Taft in dictating to free people the laws under which they should live and compelling Arizona to eliminate the recall of the judiciary from its Constitution.

We denounce the unrepresentative course of Delegate Cameron in aiding and abetting the enemies of Arizona and the Arizona Constitution; his misrepresentation of the wishes of the people of Arizona, and his action in bringing about the disfranchisement by the enabling act of one-fourth the voters in the first state election.

We denounce the action of the stand-pat element which have been, and now are, in control of the republican party in Arizona for their continued and determined opposition to the progressive ideas incorporated in the Arizona Constitution.

We heartily commend the statesmanlike course of the National Democratic Party in Congress on the issues of the day; and particularly on the gallant fight they made for Arizona.

**Temporary Elimination of Judiciary Recall**

Forced by the coercion of President Taft, we are obliged reluctantly to submit to the temporary elimination of the recall of the judiciary from the Constitution on December 12th, by voting for the amendment presented by Congress; but we pledge our candidates for the legislature, that, as their earliest possible act they shall pass an amendment restoring the recall of the judiciary to the Constitution and submit this amendment to the people at the earliest possible time. We pledge the support of the Democratic Party to this amendment.

We pledge our candidates for the legislature to enact the measures prescribed by the Constitution according to the spirit of the constitution.

We pledge our candidates to the legislature to observe the direct advisory vote for United States Senators.

We pledge our candidates for the legislature to ratify the Income Tax Amendment to the Constitution of the United States, now before the states for ratification.

**Direct Election of U. S. Senators.**  
We pledge our candidates for the United States Senate and for congress to vote for a Constitutional Amendment providing for the direct election of United States Senators.

We declare for a state-wide direct primary elec-

tion of delegates to the national party convention, at which primary elections the voters may express their of presidential nominees. We further declare for the election of the President by direct popular vote.

We pledge our candidates for the United States Senate and for Congress to do their utmost to obtain relief for the irrigated sections in Arizona on the payments due under the Reclamation Act. We also favor the application of the Carey Act to encourage irrigation enterprises.

We denounce the attempt of the republican party of Arizona to stigmatize the democratic party as demagogic. We unqualifiedly declare against any special privileges to individuals or corporations, but we favor encouraging the investment of capital in Arizona and the proper protection of all legitimate enterprises.

We pledge the constant efforts of the Democratic Party toward the full protection of the rights of labor.

We favor placing our public school system on the highest possible basis of efficiency; We declare for good roads and a National Highway through Arizona.

We promise honesty, efficiency and economy in the administration by democrats of public affairs. The Democratic party has kept faith with the people of Arizona. It will continue to keep faith. Pledging our candidates to the foregoing declaration of principles, we ask the support of all loyal Arizonans.
